## Full job description

### Your new company

A leading public sector organisation is looking for a Microsoft Dynamics 365 Functional Consultant to be a part of their Information & Digital services division. They delivered a case management system for complaint handling about 12 months ago and now is the phase 2 of that project. The project involves enhancements around regulation, security and other customised enhancements. This is a 6 months contract.

### Your new role

- Act as the primary liaison point for discussing all Business requirements
- Work closely with Business Analyst to understand and Design functional changes
- Showing in-depth understanding of latest technologies supporting development of requirements
- Assist with engaging SMEs, deployment, testing and provisioning activities.
- Be across the current and future state of the digital platform
- Perform project related tasks in a diligent and timely manner
- Working closely with the Project manager to foresee and mitigate risks to delivery.
- Carrying out functional demonstrations with business users.

### What you'll need to succeed

Minimum requirements 5+ years' experience with software development, specifically around Microsoft Dynamics 365 Customer Service Engagement App Experienced with Microsoft Power Automate, SSRS Fetch XML reports, and SharePoint integration Proficient with developing, deploying, customizing and integrating Microsoft Dynamics CRM Demonstrated proficiency in installing and deploying Dynamics 365 solutions. Demonstrated proficiency in customizing and creating CRM

**entities Demonstrated proficiency in understanding and implementing business workflows and processes Experience with implementing Dynamics 365 App Outlook integration Experience with Azure Devops source control management systems and continuous integration/deployment environments Internally motivated, able to work proficiently both independently and in a team environment Proven communication skills with both internal team members and external business stakeholders Strong initiative to find ways to improve solutions, systems, and processes Positive attitude & team player**

**What you'll get in return**

In return, you get an opportunity to earn \$930 plus super per day.
