They are a focused on creating strong stakeholder relationships and offer a collaborative and supportive working environment with a competitive salary package and career growth for all of their employees.

The Role

Due a growing pipeline of work my client is seeking a Commercial Construction Manager to grow and lead the team while also ensuring the successful delivery of projects (2-20m).

Responsibilities include :

- Full management of the commercial construction delivery team including Project Managers, Site Managers and Contract Administrators.
- Control & management of budgets, financials, programmes, and quality
- Management of budgets, financials, programmes and quality
- Track and evaluate job progress and prepare detailed reports for the Director
- Develop and sustain client relationships and business brand

The Requirements

- Bachelor's Degree in Building/Construction Management or equivalent
- Proven experience as a Construction Manager in the construction / fit-out industry
- Ability to lead and mentor those around you
- Proven ability to manage multiple projects and teams at once
- Outstanding communication and leadership skills
- In-depth understanding of construction procedures and material and project management principles

- This role may also suit an experienced Senior Project Manager wanting to step up into a CM role.
