Full job description

Your new company

An exciting new opportunity is available for a System administrator on a Permanent basis. The role is located in North Sydney for a Global Leading IT Consultancy. The organisation offers a flexible working arrangement and has excellent facilities on site.

Your new role

In your new role you will be Responsible for supporting the functionality and efficiency of one or more operating systems. You will be delivering second level remote hardware and software/OS support services to clients to resolve product use and multi-product/platform problems and questions relating to enterprise systems, networks, and application software, as well as desktop applications.

What you'll need to succeed

- University degree or equivalent education and experience
- Minimum of 3 years domain experience
- Previous experience and knowledge of Commvault
- Strong understanding of a large server environment (i.e. Windows, Unix, Linux)
- Recommended Certifications: Windows - VMware (VCP) MCSE Cloud platform
- Previous experience of Nutanix is highly desirable
- Strong understanding of Active and Directory and Group Policies

What you'll get in return

This job offers an excellent remuneration package paying up to \$130k + super for the right candidate.
